Please be advised that R1 Fife has been dispatched to Santa Fe to coordinate potential EPA response to the fires in New Mexico. If you receive any calls or emails related to this event, please run the info through Eric Delgado (PDO) as he is the point of contact this event. Please do not go outside this chain to share or pass information or questions. Thanks.....jcp

FYI R2 Adams has been dispatched to Little Rock to a large acid spill on I 40 and I 440.
